

“All That Glitters
Is Not Gold”

FOOL'S GOLD

Summary of Today's Message

Living in a prosperous country has its advantages. It also has its problems. Solomon understood this since his own nation was experiencing economic growth through free trade and low unemployment. But he was willing to see both sides of the economic coin. Today we consider the personal problems that prosperity can bring and solutions to those problems.

Three Problems Solomon Faced in His Day and These Same Problems are Prevalent in our Culture as Well

The First Problem

Lavishness without joy (vv. 1-2)

The Solution:

Pleasing God not pleasing ourselves.

Enjoyment comes from God
